I scale products. I look at the whole user journey, from click and sign-up to payment and renewal. I find where the funnel loses money and users, test hypotheses and scale what pays off. In ads I optimize for the key metrics.

EXPERIENCE

B2C subscription service in Telegram — Growth Marketer
2025 – present

Part-time · 90–105K monthly active users

- **×7.5 revenue in a year:** paying users +63%, revenue per payer +20% — by monetizing the base while inflow shrank
- **Initiated end-to-end product analytics:** funnel, cohorts, LTV and the effect of every change
- **Reworked the free tier based on demand data:** one-off purchases **+40%**, weekly revenue +10%
- **Made the case for a pricing ladder:** new tiers bring a third of revenue, 30-day payer LTV +20–40%
- **Took part in launching auto-renewal:** 90-day LTV **×1.9**

Campaign Bot — Founder
2026 – present

A service for agencies that grows Telegram channels, now running in the background

- Built the product from scratch: agency research, value proposition, offer and sales; first paying client

Digital agency — Senior Traffic Manager
2024 – 2026

Acquisition for major brands: VK Ads, Yandex Direct, Telegram Ads

- **Fintech app:** 25.8K installs in 4 months, **14%+** reached Gosuslugi sign-up; CPI **−45%** ($1.5–1.6 → $0.88) as volume grew; 10 funnels and an A/B test of setups
- **Funnel to first shift:** 2,000+ applications, 18% reached step 5, 360 first shifts
- **Insurance online event:** my channels brought 62% of all attendees, 2,200+ followers, 60% reached the broadcast
- **Xiaomi store chain:** ~30% repeat sales; $965K revenue from VK over the project's 3 years, ×2 on the same budget
- **FORX:** +211% Ozon sales in 5 months, VK follower from $0.02

Freelance — Traffic Manager
2022 – 2024

VK Ads and Yandex Direct for small and mid-sized businesses, optimized for leads and sales
