I love big products, big budgets and complex funnels. I take an acquisition channel from the first hypothesis to full scale and own the numbers that matter: CPI, CAC, LTV and ROMI. I'm also building my own product, so I look at marketing through a product manager's eyes.

EXPERIENCE

Campaign Bot — Founder

2026 — present

A service for marketing agencies that grows Telegram channels with a unique mechanic

- Built the product from scratch and own everything: product, positioning, marketing and sales
- Launched it to market and landed the first paid subscriptions

Digital agency — Senior Traffic Manager

2024 — present

Performance marketing for major brands: VK Ads, Yandex Direct, Telegram Ads

- **Fintech app: 25.8K** installs in 4 months, CPI cut from \$1.5–1.6 to **\$0.88**. Built 10 funnels across Yandex Direct, VK and Telegram and ran a large-scale A/B test
- **Xiaomi offline store chain: \$965K** revenue from VK in 3 years, ROMI **2757%**, revenue ×2 on the same budget, average order twice the market
- **Mass courier hiring: 2,000+** applications, **18%** reached their first shift through a 5-step funnel, **360** hires
- **Insurance company online event:** my channels brought **62%** of all attendees, **60%** follower-to-attendee conversion
- **FORX men's cosmetics: 41M** views, VK follower cost from **\$0.02**, **+211%** Ozon sales in 5 months
- Run more projects than anyone in the team while keeping quality consistently high
